## TRAVIS WINS IN FINE GAME.

American Is Now Considered the Finest Exponent of Short Game in World.

London, June 3.—Walter J. Travis and E. D. Blackwell started to play the final tie of 36 holes, for the amateur golf championship at Sandwich, today, in a high wind, which greatly affected the driving. Travis won the first in five to six, and running down one of his long putts on the second green, became two up. Blackwell missed a yard putt for the third, which was halved, and he lost the fourth, where Travis holed out by a long putt. The American also won the fifth by getting down a fifteen yards putt, and then missed a short putt for sixth, where he sustained his first loss. The seventh was halved and Travis won the eighth, where Blackwell missed a five foot putt. The Scotchman took the ninth hole, where Travis drove into a bunker. The American was three up at the turn, his outward score approximately being 35 strokes.

The American found the wind very difficult and lost the tenth. The next two were halved and Blackwell ought to have reduced his deficit to one at the thirteenth. His putting however, was bad and he lost the hole. Thereafter he never looked like drawing level, and Travis finished the first round with four up. His score by strokes was eighty, Blackwell taking eighty three. Travis throughout gave the same remarkable display of putting which has gained him here the reputation of being the finest exponent in the world of the short game. He was never in the slightest danger throughout the round.

## KAW RIVER AIDED BY OTHER

Kansas Floods Is Again Playing Dire Havoc

To Homes and Crops of Inhabitants of the Sunflower State.

Railroad Traffic Is Demoralized and Already Through Trains Are Stalled. Newton Is Worst Off.

Kansas City, June 3.—All tributaries of the Kaw river in Kansas are rising rapidly today and a serious flood is threatened. Heavy rains continuing for two days at a time have prevailed all over Kansas at various times within the past thirty days. Twice within that time most of the streams have overflowed their banks, washing out highway tracks and crops, destroying property and rendering several hundred persons temporarily homeless. In the past 24 hours, however, further heavy rain storms have again swollen the streams, thus time beyond the height experienced in the two former rises. Railroad traffic is demoralized and already many through trains both east and west bound are stalled. The principal streams affected are the Kaw, Smoky Hill, the Republican and the Marais des Cygnes. So far no casualties have been reported.

At Newton, Mo., over six hundred persons have been rendered homeless by a sudden rise in Sand creek. In many houses the water stands as high as the second story windows. The rise in the creek was caused by a cloudburst and the water rose so rapidly that hundreds of persons were caught in their homes. Rescuing parties were immediately formed and hundreds of men worked all night rescuing the unfortunates. There were many narrow escapes and much suffering.

At Emporia three inches of water fell within a few hours, the Cottonwood river overflowed and the business portion of the town was flooded. Much damage was done. Commercial street was converted into a river and boats were used.

At Council Grove the city is threatened with a flood as serious as that of last year when the property damage amounted to over \$200,000. In the vicinity of Lorraine and Sterling, Kansas, the rain was accompanied by a heavy wind storm. Many small houses were blown down, crops were damaged and much other damage done.

At Garnett, Humboldt, Lincoln Center, Caldwell, Parkville, Harper, Wellington, Olathe, Arkansas City, Ellsworth, Pittsburg, Leavenworth and Strong City, Kansas; similar reports of damage from floods are received. In the country west of Strong City, a cloudburst caused the Cottonwood river to rise rapidly and today that stream stretches from bluff to bluff for miles.

## BATTLESHIP SQUADRON OF

Lisbon, June 3.—The battleship squadron of the United States North Atlantic fleet, consisting of the Kearsarge, (flagship), Alabama and Maine, under the command of Rear Admiral Barker, which arrived here Wednesday, from Cuba, by way of Fayal, made no attempt at high speed, as the ships have been a long time without docking. The Iowa is expected here at any moment. She remained at Fayal on account of having a sick man on board.

On Wednesday, the squadron dressed ship and fired a salute in honor of King Carlos' second son, Prince Manuel, fourteen years old, who is entering the navy as a midshipman. Admiral Barker and other officers called on the cabinet minister, attended imposing ceremonies at the arsenal and naval school, and were presented to the king, the queen and the queen mother who welcomed the squadron to Lisbon.

Yesterday the American warships dressed ship and fired salutes, there being a continuation of the ceremonies ashore, and the cabinet ministers visited the flagship. Later, Admiral Barker, Captain Rodgers and Flag Lieut. Eberle dined with the king and queen at the palace.

## DENEEN WINS OUT

In Hard Fought Contest for Republican Nomination for Governor.

Yates Withdrew From Fight

And Was Followed by Hamlin and Sherman After Long Conference, at Which It Was Decided to Defeat Lowden--Nomination Made on 79th Ballot.

Springfield, Ill., June 3.—Today the indications were that Chas. S. Deneen would be nominated for governor by the republican state convention before tonight. This was the trend of the talk among the Yates followers. Lowden was expected to make another effort to stampede the convention and in that case the Yates votes were expected to go to Deneen.

A conference of Yates' supporters was held this forenoon and on the highest authority it was reported that Yates had consented to go to Deneen and that the break would soon be made.

When the convention was called to order today, O. F. Berry, a Sherman adherent, moved a recess until 2 p. m. The motion was seconded by J. H. Burke, of the Deneen camp, and C. E. Sniver, a Yates supporter. The roll was called and the motion to take a recess prevailed.

After recess was taken it was acknowledged by Deneen, Yates, Hamlin, and Sherman had entered into a combination to nominate Deneen on the first ballot of the afternoon. It was also said that Warner and Pierce were expected to join the combination.

Following the forenoon recess, Deneen, Yates, Hamlin, and Sherman held a long conference at the executive mansion, arranging details of the proposed combination. It was said by Lowden's friends that Lowden would try to get enough votes in the break up to defeat the combination. After the conference of candidates

**Elixir Was Wonder Worker.**

**Five Minutes**

**After Drinking It Woman Began**

**To Caper About Like a Child and Dance to Street Piano Music.**

**Required Combined Efforts of Seven Officers to Overcome Her. Doubts as to Her Recovery Expressed.**

New York, June 3.—Use of some remarkable stimulant, the nature of which has not been learned caused a scene in Fifth street. From a bottle, the label of which marked it as containing an elixir of youth, the dose being one teaspoonful every two hours, a woman of evident refinement and about forty years old, took a long drink while standing on the sidewalk near 50th street. Her peculiar actions attracted the attention of a large crowd, which soon grew to such proportions that the police reserves had to be called to clear the street car tracks.

The "Elixir" was a wonder worker. Five minutes after drinking the dose, the woman began to caper about like a child. She danced to the music of a street piano, played hide-and-seek and exhibited all the antics of a child. When the police arrived she beat one of them and exhibited remarkable strength. It required the combined efforts of seven officers to overcome the woman, and she was carried to the hospital where doubts are expressed as to her recovery. No marks of identification were found.

The gentlemen selected as a committee to go to Columbus to urge upon Governor Herrick, the appointment of a Lima man upon the new asylum commission, met at the Lima Club last night to discuss plans for the trip. The question of arranging a time and place for meeting the governor was left with Hon. D. J. Cable to arrange for. Mr. Cable this morning, talked with Judge Galloway, Governor Herrick's private secretary, who stated that the governor was not in Columbus, and would be absent until June 10th. It was arranged that the matter be taken up again on that date and a date arranged for between that and June 15th, as on that date the governor would leave for the national convention.

All the gentlemen on the committee should bear these dates in mind and arrange their affairs so as to be ready to depart for the state capital on short notice after the 10th.

Steel preferred carried it down a quarter.

The large buying orders which lifted prices were not followed up but prices were maintained near the top level and the market became dull. Duluth, South Shore and Atlantic fell 1/4. Bonds were irregular at noon.

Large takings of Reading and Erie showed a better tone in the market and the demand became larger with small improvements. High priced stocks sold considerably higher, Northwestern gaining 3/4; Delaware and Hudson 1 1/4 and Lackawanna 2%.

**RECEIVER**  
Asked for by Richard M. Hughes

And Dissolution of the Present Partnership

Of Hughes & Cameron, the Main Street Jewelers, Forms the Basis of a Petition Filed Today.

A petition was filed today which will carry surprise into the business ranks of the city. Attorney Kent Hughes, acting for R. M. Hughes, of the firm of Hughes and Cameron, the Main street jewelers, asks the court for a dissolution of the partnership, that an accounting may be had, and a receiver appointed to take temporary charge of the business.

Attorney Hughes went to Celina today, where Judge Cunningham is holding court, and there applied for the order for a receivership, which was granted. The case will no doubt be brought to a speedy hearing, as the question involved is one which will have to be disposed of in order that the rights of both plaintiff and defendant may be finally settled.

**A WOMAN TO BE PRETTY**  
Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, looses something if the hair is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up as it burrows are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c, in stamps for sample to The Herpicide Co., Detroit, Mich.

**MYSTICAL NUMBER NINE.**

It is a Trinity of Trinities and is Indicative of Perfection.

Nine is a trinity of trinities and indicates perfection or completion. There are nine earths, nine heavens, nine gods, nine muses, nine virtues, nine crosses, nine points of the law, nine rivers of hell, nine orders of angels and nine circles of rank in Chinese society. Milton, in "Paradise Lost," says: "The gates of hell are threefold—three folds are brass, three folds iron and three folds adamantine rock. They had nine folds, nine plates and nine linings." When the angels were cast out of heaven "nine days they fell."

A cat has nine lives. There are nine crowns in heraldry. Possession is nine points of the law. The whip for punishing evil doers had nine tails, the supposition being that a flogging by a trinity of trinites would be sacred and more efficacious. In order to see nine grains of wheat on a four leaf clover. The hydra had nine heads. Loaves were formerly granted for 990 years. Even now they run for ninety-nine years, the deal of a trinity of trinites. To see nine maples is most unlucky, as the old Scotch rhyme goes: "One's a sorrow, two's a mirth, Three's a wedding, four's a bairn, Five's a christening, six's a death, Seven's a heaven, eight is hell, And nine's the devil his own self."

If a servant finds nine green peas in a pea pod she may lay it on the lintel of the kitchen floor, and the first man that enters is to be her cavalier. When the loving cup goes round it is the custom to drink a three times three toast to the one most highly honored or tenderly loved. As the weird sisters in "Macbeth" danced round the children they sang, "Thrice to thine and thrice to mine and thrice again to make up nine," and then declared "the charm would up." The nine of diamonds was considered the curse of Scotland.

**A Hard Critic.**  
A clergyman was rebuked by one of the ruling elders for snoring on the Sunday along the hillside above the manse. The clergyman took the rebuke in good part, but tried to show the remonstrant that the action of which he complained was innocent and lawful, and he was about to cite the famous example of a Sabbath walk, as set forth in the gospels, when he was interrupted with the remark, "Oo aye, sir, I ken weel what you mean to say, but for my part I hae never thought the better o' them for breukin' the Sabbath." — Gekkie's "Scotch Reminiscences."

## BERG

Went Nervily to  
His Death

While Prayer

Was Dying On His Lips  
the Current

That Ended His Earthly Ex-  
istence Was Turned Into  
His Stolid Frame.

Last Hours Spent In Religious Ser-  
vice, and He Lost Air of Bra-  
vado Which Marked His  
Prison Life.

Columbus, O., June 3.—Nervy to the  
last Carl E. Berg, the boy murderer  
who had only attained the age of 19  
years; 8 months and 19 days, was suc-  
cessfully electrocuted at the Ohio  
Penitentiary at 12:05 this (Friday)  
morning.

Berg went to the chair with the  
prayer on his lips "God take my soul,  
help me in this hour of trial," the  
prayer dying away as the 1,750 volts  
of electricity were turned on by War-  
den S. A. Hershey, who allowed it to  
remain for seven seconds, when he  
switched it to the 250 voltage and al-  
lowed it to remain for 53 seconds.

Penitentiary physicians J. M. Thom-  
as and E. E. Arnold pronounced him  
dead, and Doctors Henry Baldwin, of  
Springfield, and J. A. Murphy, of Co-  
lumbus, were allowed to examine the  
body.

Emulated Jesse James.

Rev. Martin Norstad, Berg's spiritual  
adviser, tells the story of the young  
man's career. Berg was born in Nor-  
way and was brought to this country  
when 1 year old. His father died  
soon after. The boy murderer blames  
all treatment by his step-father for his  
career that ended in the chair. He  
was still a child when his mother  
died, and the stepfather turned him  
loose upon the world. For a time he  
lived with his grandmother, but he  
soon became a tramp, read trashy  
literature and assumed the life of a  
Jesse James.

It was at Wauson, Ohio, in July,  
1903, that he and a pal held up a gang  
of tramps in a box car. After being  
held up the tramps thought they were  
going to be locked in the car and pre-  
ceeded to make their escape. Berg  
threatened them, and fearing they  
would complain to the authorities,  
pulled his gun and again threatened  
them with death if they said a word.  
One John Guilbard, member of the  
gang started to run away, when Berg  
pulled his gun and killed him on the  
spot.

It took the courts but a short time  
to convict Berg, and the state board  
of pardons and the governor refused  
to interfere with the sentence.

Rev. Norstad has been in Minneap-  
olis for a number of years as minis-  
ter of St. Paul's Norwegian Lutheran  
church.

Lost Air of Bravado.

The last hours were spent in religi-  
ous services, and Berg lost the air of  
bravado which had characterized his  
actions up to the last few days. Rev.  
Dr. Starr, prison chaplain, Rev. Mar-  
tin Norstad, of Minneapolis, and Rev.  
F. W. Neekelman, of Lakeside, were  
with him from 10 o'clock until he was  
taken to the chair.

Berg gravely bade good-by to the  
other inmates of the annex who up to  
this time had not demonstrated any  
good feeling for Berg. He made his  
peace with the other inmates of the  
annex during the afternoon, and while  
they were in the yard for exercise he  
prayed fervently for them.

Berg thanked Warden Hershey,  
several of the guards and the sheriff  
of Fulton county for their kindness,  
expressed his forgiveness of those  
who had wronged him and asked for-  
giveness of those whom he had  
wronged.

None of his relatives came to the  
execution, but Rev. Martin Norstad, of  
Minneapolis, who had been sent to  
Columbus by the stepfather and other  
relatives, who had been with him un-  
til the last, will take his body to Min-  
neapolis for interment.

The arrival of the Minneapolis pas-  
tor last week proved a great comfort  
to Berg. He had feared that his body  
would be turned over for dissection to  
some medical college. He was as-  
sured by the pastor that his body  
would be taken to Minneapolis and  
given Christian burial there by his  
relatives.

Sued By His Doctor.

"A doctor here has sued me for  
\$12.50, which I claimed was wages  
for a case of cholera morbus," says H.  
White, of Coacohu, Cal. "At the trial  
he praised his medical skill and medi-  
cine. I asked him if it was not Cham-  
berlain's Colic, Cholera and Diarrhoea  
Remedy he used as I had good reason  
to believe it was, and he would not  
say under oath that it was not." No  
doctor could use a better remedy  
than this in a case of cholera morbus,  
it never fails. Sold by all druggists.

T. K. Jacobs Brings Injunc-  
tion Suit Against De-  
troit Southern,

And Asks That a Deed for Property  
on Bellefontaine Avenue Be Set  
Aside Because the Prop-  
erty was Abandoned.

An alleged violation of an agreement  
on the part of the Detroit Southern  
Railroad has brought a suit into court  
in which T. K. Jacobs appears as  
plaintiff. The petition was filed yes-  
terday evening by Attorney Kent  
Hughes in which he claims that the  
plaintiff conveyed to the Detroit South-  
ern a strip of land 133 feet wide be-  
tween Bellefontaine avenue and Eu-  
reka street, stipulating that there  
should be erected thereon the main  
passenger depot and if the company  
should fail to comply with the agree-  
ment, the title to the premises should  
revert to the original owner.

The petition charges that the com-  
pany no longer maintains a passenger  
depot at the point designated but in-  
tends to use the premises for the lay-  
ing of additional tracks and the erec-  
tion of coal sheds and cinders. Under  
these conditions it is avowed that the  
agreement has been violated and the  
court is asked to set aside the deed  
and enjoin the railroad from carrying  
out its present plans.

Excursions Both Ways.

There will be but two excursions out  
of Lima, Sunday, and both are over  
the L. E. & W. The regular San-  
dusky and Cedar Point rates will pre-  
vail, and the other excursion will be  
to Indianapolis. The one from the In-  
diana capital to Lima last Sunday was  
much better patronized than any ex-  
cursion out of Lima so far this season.

kins has been elected president of the

son Burke, H. C. Rancey was chosen as

fill the vacancy caused by Mr. Burke's  
death.

Hard Work Ahead.

where he has been taking testimony  
in a reference case before a master  
commissioner. Mr. Scott will be as-  
sisted by former court stenographer

Wood's case next week, which will re-  
quire long hours and absolute accu-

which will be presented.

At Hanging Rock, the Scene

Narrow Escape.

Hinton, O., June 3.—A fusilade of  
revolver shots at midnight within  
the guard lines at Hanging Rock,  
caused instant action by two guard  
patrols, one under command of Capt.  
Balterson, and the other commanded  
by Colonel Thompson. The patrols  
moved without the knowledge of each  
other toward the sound of the shoot-  
ing. Both patrols failed to find the  
man who did the shooting and when  
they met in the darkness, but for Col.  
Thompson's obeying a command to  
halt and making himself known, the  
two parties would have fired into each  
other.

Secretary Bishop of the state board  
of carabination has called a conference  
between himself Col. Thompson, Mr.  
Corn Sheriff Payne, Mayor Farmer,  
Marshall Woodhurn and the Iron com-  
pany with the local union headed by  
President Cameron and National Vice  
President Barry. Mr. Bishop says the  
object of the conference might be  
defeated if given publicity now, but he  
expected to be enabled by this con-  
ference to take another step toward  
ending the strike. Col. Thompson is  
confident that the troops will be recal-  
led by Sunday.

Mr. J. W. Turner, of Truhot, Va.,  
says that Chamberlain's Stomach and  
Liver Tablets have done him more  
good than anything he could get from  
the doctor. If any physician in this  
country was able to compound a medi-  
cine that would produce such gratify-  
ing results in cases of stomach trou-  
bles, indigestion or constipation, his  
whole time would be used in prepar-

## WEATHER.

Washington, June 3.—For eastern  
Ohio. Partly cloudy tonight, showers  
in northwest portion; Saturday, show-  
ers and cooler.

It is unfortunate for the water supply  
an dfor the fire protection of the prop-  
erty of this city, that the gentlemen  
honored with places on the board of  
public service are at loggerheads with  
each other. A threatened rate of 42  
mills to meet current expenses, fixed  
charges and bonds as they come due,  
an inadequate water supply while the  
interest on \$150,000 of bonds voted to  
secure it, goes merrily on, are a few  
of the things that are going to cause  
an early uprising of the taxpayers.

## WISE ACTION.

The wonderful era of improvement  
that has encompassed Lima for sev-  
eral years past, has accomplished two  
things—the making of a very beautiful  
city, and the piling up of a municipal  
debt that is staggering to the general  
tax payer, and manufacturing inter-  
ests, and is almost a death notice to  
any further advancement until the  
taxes necessary to liquidate it have  
been collected. In the face of the lat-  
ter condition, Mayor Robb in voting  
legislation for the paving of Elizabeth  
and West street has wisely and in a  
business way exercised his official  
authority.

Should there come stringent times,  
and there is every indication they are  
on the way, the excessive rate of tax-  
ation existing would cause many a  
citizen, filled with municipal pride and  
love for a beautiful home with fine  
sidewalks and paved streets abutting  
it, to lose the home for which he has

cases even been compelled to skim  
his wife and little ones to provide pay-  
ment for.

HANGING BY A THREAD.

decision upon the cases of Ben and Al  
Wade, convicted of murder at Toledo

tences will be interfered with.

## A Costly Mistake.

Blunders are sometimes very expen-  
sive. Occasionally life itself is the  
price of a mistake, but you'll never be  
wrong if you take Dr. King's New Life  
Pills for dyspepsia, dizziness, head-  
ache, liver or bowel troubles. They  
are gentle yet thorough. 25c at H.

## SHE DOES IT RIGHT.

Columbus, O., June 3.—Mrs. Norah  
Davis, a trance medium, went into a  
trance at a spiritualistic seance last  
night and every effort to arouse her  
has failed. Physicians have resorted  
to every recourse without avail. Mrs.  
Davis occasionally breaks out in a fit  
of moaning, but otherwise there is  
little semblance of life.

## DON'T SWEEP CLEAN.

Amsterdam N. Y., June 3.—An-

the projected broom trust to be for-

Broom Co., in which Mohawk Valley  
manufacturer were interested has failed  
to materialize and the plan, under-  
way for more than a year was aban-  
doned. The proposed capital was re-  
duced from \$13,000,000 to \$4,000,000  
and factory owners were offered stock  
and bonds and a small amount of cash  
for their properties, but refused to en-  
ter the deal save on a cash basis.

## DAY

Of Universal Peace  
Is Not

Far Distant.

Platform of Principles  
Adopted

By International Arbitration  
Conference Are Justly  
Optimistic.

While There Is No Regularly Con-  
stituted Power to Enforce Ar-  
bitration, Public Opinion  
Is Behind It.

Mohonk Lake, N. Y., June 3.—To-  
day's session of the conference on in-  
ternational arbitration was opened  
with the presentation of the platform  
of principles which was adopted.  
This platform is as follows.

"With unabated confidence in the  
cause of international arbitration this  
conference renews allegiance to the  
principles involved and continues its  
efforts to promote them. Each year  
marks distinction progress towards  
the attainment of the beneficent ends  
proposed. This progress has been  
along the lines of natural growth and  
development. With great gratifica-  
tion we record the fact that eleven na-  
tions, five of them ranking among the  
great powers, have appeared before  
the court at the Hague and submitted  
their controversies to its adjudication.  
This has been done in the same order-  
ly and judicial manner as that which  
obtains on ordinary courts of justice  
where disputes between individuals  
are decided. In either class of cases  
one party or the other is likely to be  
disappointed with the result but it is  
accepted as the only rational and civil-  
ized substitute for a direct settlement  
between the parties themselves.

"We confidently rely upon the in-  
estimable power of public opinion to give  
effectual sanction to the judgments of  
the arbitral tribunal and to extend the  
scope of its jurisdiction."

The day of universal peace is not  
far away, but it is surely coming.  
While there is no regularly consti-  
tuted power to enforce an acceptance  
or arbitration it has the power of pub-  
lic opinion behind it which, after all,  
is supreme.

Congressman Bartholdt, of Missouri,  
who organized in congress last winter  
a group of the inter-parliamentary  
union addressed the conference on  
that subject.

## SOCIAL

Committee Has a Plan to  
Make Money.

The social committee of the Y. M.  
C. A. which is one of the branches  
from the board of directors, recently  
organized, has started into the work  
with the activity which will bring  
about good results. As the commit-  
tee will need immediate funds to car-  
ry on the work, it was suggested by  
Chairman Frank Burkhardt at a meet-  
ing last night that the committee  
throw open the two front rooms in the  
basement of the building for refresh-  
ment parlors during the State Sun-  
day School Convention.

The motion was immediately adopted  
and during the big session the com-  
mittee will serve lunches and cream  
and cake to the visitors. It is an ad-  
vantageous location and will no doubt  
give the committee a chance to es-  
tablish a good sized nest egg.

The oxygenized strength of the heal-  
ing pine, combined with other well  
known kidney and bladder remedies,  
is presented in Pinesalve. This new

WHY

Not Hold It on the  
Fourth,

And In Lima?

Van Wert Finally Takes  
a Tumble.Bowlers of That Town Say  
They Have Deposited  
Fifty Dollars.Lima Team Had Its Money Up for  
Two Weeks and Could Get  
No Word From the  
Challengers.

The following letter addressed to  
the five men bowling team that  
howled a. Van Wert several weeks  
ago, was received at the Times-Demo-  
crat office last night:

Van Wert, O., June 2, 1904.

Lima, Bowling Club.  
Sirs:—We have deposited \$50.00  
with the Van Wert Daily Bulletin for  
a match game between Lima bowlers  
and our team to arrange the details of  
match. We agree to pay expenses of  
two men from Lima to Van Wert and  
return and meet two of our men at  
Marsh hotel, on any date you may  
name.

Respectfully,  
VAN WERT BOWLING CLUB.

As will be remembered, the Van  
Wert bowlers made a proposition sev-  
eral weeks ago to bowl against the  
Lima five-men team for any amount  
from \$50 to \$500 a side. Lima promp-  
tly accepted the challenge and deposi-  
ted \$50 to bind the match. Van Wert  
was formally notified of the accept-  
ance of the challenge and of the post-  
ing of the money but no reply was re-  
ceived. The money was up for two  
weeks and Van Wert still being as  
silent as an oyster the money was  
taken down and the proposition laid  
high on the shelf.

The fact that Van Wert was three  
weeks late however, does not neces-  
sarily mean that Lima will not again  
put up the mazzina and accept the  
challenge. Some members of the  
team are yet to be seen but it is very  
probable that they will accept the  
challenge and send two men to Van  
Wert to arrange for the match.

## NOTHING SENSATIONAL AGAINST THE ACCUSED.

Columbus, O., June 3.—The National  
Guard court martial occupied much of  
the afternoon today in taking the tes-  
timony of City Solicitor Tatum, whose  
testimony was without special feature  
more than was developed in that of  
Sheriff Routan and Mayor Bowler.  
So far the testimony has not been of  
a sensational character or particularly  
strong against the accused. Police  
Sergeant Roswell and Col. Harry  
Mead, of Dayton, with President Herk-  
ert, of Wittenberg College, also were  
called.

## SOME SHOOTING TALK.

London, June 3.—With reference to  
the statement made at New York yester-  
day by General Bird W. Spencer,  
president of the National Rifle Asso-  
ciation of America, that the commit-  
tee of the National Rifle Association  
of Great Britain had carefully consid-  
ered the matter of American special  
rifles and had agreed to their use. It  
is pointed out here that the reply of  
Col. C. R. Crosse, secretary of the Na-  
tional Rifle Association of Great Brit-  
ain, April 13, to General Spencer's  
letter containing similar statements  
absolutely denied that the question of  
the American barrels was ever brought  
before the council or committee of his  
association at or before the Bisley  
meeting.

### Injuries Sustained by David Harroff.

### Jumped From Load of Hay to the Pavement.

### Colt He Was Driving Had Become Unmanageable and Overturned the Load of Horsefeed in an Alley Entrance.

David Harroff, a laborer employed  
by a farmer named Lusk, residing  
southeast of the city, was seriously in-  
jured about 6 o'clock last evening by  
jumping from the top of a load of hay  
that was about to be overturned in  
the entrance of the alley at the south-  
west corner of the public square. He  
landed heavily upon the pavement and  
sustained internal injuries, the extent  
of which cannot yet be determined.

Harroff was driving a team and one  
of the animals became frightened in  
the alley entrance and would not cross  
an iron grating that covers a sewer  
drop. The colt began backing and in  
a moment the load of hay was over-  
turned in front of Carpenter's confection-  
ery store.

Harroff was assisted into Jones &  
William's office and later was removed

in their ambulance to the La Belle  
Sanatorium.

## About the General Condition of Of Trade Are Not Very Promising for Early Activity.

### Most Branches of Dry Goods Have Not Recovered From a Backward Spring.

### Further Serious Embarrassment Threatens Transportation Industries Because of Tie-up on the Great Lakes.

New York, June 2.—Reports to the International Mercantile Agency from prominent western centers reflect fairly active jobbing trade with pronounced hesitancy in manufacturing lines, induced by the growing uncertainties of the presidential campaign. Most branches of dry goods have not recovered from the effects of a backward spring. Wholesale business in many sections averaging below a year ago. In Oklahoma and Indian Territory merchants are buying less than usual and in extreme portions of Kansas and Missouri, constant rains are having a bad effect upon business. Lumber, paints and glass are depressed in these and other sections where building operations have been restricted by inclement weather. The Kansas City district has been held back by peculiar restrictions. In this territory and other sections of the west merchants are hopeful about the outlook and expect excellent June business. Retail trade is picking up in many sections, as is evidenced by the better demand for women's apparel. Consumption of necessities is on the increase and country merchants are giving Chicago wholesale houses plenty of orders, indicating a sustained interior demand. Further serious embarrassment threatens the transportation industry on the Great Lakes where the labor difficulties are proving disastrous. Very little improvement has been noted in the steel industry which continues exceptionally dull. Coke production is still at maximum, but curtailment is looked for, the outlook in general giving little promise of greater activity in the near future.

In the south, trade is excellent with good inquiry for most lines of merchandise. Railway traffic in Texas is heavy and people are generally prosperous.

## ACROSS COUNTRY.

"Go out of doors and get the air. Ah! If you knew what was in the air. See what your robust neighbor who has been out of doors has done for you. A strong, healthy, robust, energetic, hearty, and equal to each event."—Emerson.

In this we read between the lines less work for the doctors. The signs of the times point to an enormous increase in intelligent public interest in health. A new generation with purer, stronger blood and therefore more active, braver, healthy person ever succumbed to grip, consumption, malaria or any other germ disease. But with a weakened system we all have to fight the germs of disease. Our blood is often in a fertile condition for the growth of bacteria—the germs of disease—because our stomach is disordered or our liver is torpid—in either case our blood does not get the proper nourishment. A torpid liver means a stagnation of the blood and an accumu-

lating its natural consistency and richness. It is not heart disease. Sometimes people suffer intense pain over the heart, which is not heart disease, but caused by the stomach. It is the occasion of much anxiety, alarm and suffering, for which its cause is dependent upon reflex disturbances from the stomach caused by indigestion. In the same way many had coughs are dependent upon these reflex disturbances of what is called the pneumogastric nerve.

There can be no question that the common-sense way of treating all these symptoms is first to cast out the poisons from the system by a simple vegetable laxative such as Dr. Pierce's Pleasant Pellets. These are made from botanical extracts, in concentrated form. To enrich the blood and increase the red corpuscles, Dr. Pierce years ago demonstrated in his large practice that there was a vegetable compound that would quickly cure the bad symptoms enumerated above by increasing the red blood corpuscles and thereby feeding the nerves on rich blood and thus doing away with the nervous irritability. This "Medical Discovery" also acts upon the digestion and assimilation of food in the stomach, so that the blood gets its proper food in the stomach. Feed the lungs, stomach and heart on rich red blood and you have surely a healthy body which will throw off the germs of disease which lurk everywhere. Get as near nature's way as you can. A medicine made entirely from botanical extracts and which does not contain alcohol is the safest method. Dr. Pierce's Golden Medical Discovery contains no alcohol nor narcotics.

"This is to certify that I have used Dr. Pierce's Golden Medical Discovery, and I think it's a grand medicine in the world," writes Mrs. V. M. Young, of Weir, West Va. "I took down sick six months ago and called in our physician and he gave me medicine but I grew worse. He said I had dyspepsia in its worst form. I decided to try your medicine and began to improve. I used five bottles, two of the 'Golden Medical Discovery' and three of 'Pleasant Pellets.' I am now doing my own housework and my lady friends also are using Dr. Pierce's medicine and they recommend it highly. May God bless and prosper you in your grand work."

# PLAN

For a Big Athletic Park

In the Hands

Of the Y. M. C. A. Physical Committee.

Will Work In Co-operation With Engineer Gamble and B. of P. S.

Map Showing Lay of the Grounds Is Now Being Prepared and the Public Park Will Be a Beauty Spot.

Engineer Gamble is at work surveying and laying out the broad expanse of a park which Lima fortunately came into possession of through the sale of the Lima Locomotive and Machine Works. According to the engineer a few years given to beautifying the grounds, even with the present annual expenditure of money that he can provide will bring the people to a proper realization of what has been gained through that most satisfactory venture, and they will come to enjoy the pleasures which its freedom entails them to.

When he has completed his preliminary survey a map will be prepared showing the depressions and elevations of the ground, and suggesting not a few ideas regarding improvements that would bring out the real effect of a public park.

The work of a first class landscape gardener will be necessary to carry out the suggestions that will naturally follow a completed survey, and when once a start is made a few touches each year will soon bring the territory into the confines of a park. Lying as it does within easy reach from several points on the car line, and a short walk from the south and west portions of the city, the park will be an inviting place for parents and children.

The plan of the lots shows provision made for an athletic park and the grounds are so vast in extent and so well situated for such a purpose that an entire section can be given over to the use of those interested in outdoor sports, without taking up any

of the public service with a view to the betterment of the city. The plan is now being seriously considered by the physical committee of the Y. M. C. A. composed of members, and it is the intention of the committee to take it up with the board of public service with a view to the betterment of the city. The plan is now being seriously considered by the physical committee of the Y. M. C. A. composed of members, and it is the intention of the committee to take it up with the board of public service with a view to the betterment of the city.

There is room to lay out a natural amphitheater which would provide a place for tennis courts, golf links, swimming track and bicycle course, and other recreational facilities. After a visit to the grounds will present their ideas to those in authority for further suggestion or approval.

# HURON

Of Hancock Is the Choice

Of His Party.

Nominated for Circuit Judge Today

At a Convention of the Republicans of the Third Judicial District.

He Has Carried the Banner Once Before and Had a Taste of Defeat in Ohio's Democratic Stronghold.

The republicans of the third judicial circuit met in convention at the court house at 10 o'clock this morning and proceeded to go through the form of putting a candidate in the running for the office of circuit judge, to succeed Judge Day, the present incumbent.

It was apparent in the methods adopted that there was no use perspiring over a lost cause, at least so early in the campaign, and the sense of the delegates was to cast the honor of the nomination at the feet of the only man who was willing to go down to inevitable defeat, and do it with as few preliminaries as necessary.

James W. Halliwell called the convention to order and a temporary organization was effected by electing Senator Calvin D. Golfrey, of Putnam county, chairman, F. D. Campbell, of Lima, secretary; and W. S. Potter, of Auglaize county, assistant secretary. The organization was made permanent and in order that the one object might be accomplished and a motion to adjourn be in order as quickly as possible, a motion to dispense with all committees was seconded with as hearty a response as was the later motion to nominate the candidate by acclamation.

The roll call of counties followed for the purpose of selecting a judicial committee for the ensuing year, and the following were named: Allen, J. W. Halliwell, Auglaize; W. E. Potter; Crawford, Col. F. Volbrath; Defiance, F. G. Hay; Hancock, W. W. Chaplain.

Huron B. S. Young, Henry, W. W. Campbell, Logan, L. J. Chamberlain, Marion, Geo. Cooper, Mercer, C. S. Younger, Paulding, A. H. Phelps; Putnam, D. N. Power, Seneca, Chas. Herr; Union, O. W. Meadows, Van Wert, O. W. Fridge, Wyandotte, D. C. Barker.

It developed on the roll, that four of the counties in the district, Crawford, Marion, Paulding and Defiance were not represented and the convention took it upon itself to retain the same members of the committee who were elected at the last convention.

As announced in the Times-Democrat last night, Sam E. Huron appeared as the only champion of the lost cause, and it was figured that having gone down in the fight once before he would be able to stand the jar again with even better grace. He was nominated by John A. Poe, of Findlay, in a brief speech, and responded with one which sought to stir up at least momentary enthusiasm. Mr. Huron proved himself to be a good talker, and he reached several climaxes which under ordinary circumstances would have won him stupendous applause from a more hopeful audience, but the delegates waited for his grand finale before according him the ovation that was due.

## LAWN FETE AT DR. BAXTER'S.

The lawn fete to be given in Dr. Baxter's beautiful grounds is to be an occasion of varied pleasures, when it is to be hoped that all the people of Lima may meet and make the fete a success. It is for the benefit of the public library, in which all are interested.

The supper served from five to eight is to be of par-excellence and strictly home cooking.

There will be dancing and fortune telling. Two celebrated palmists and one card reader.

A vaudeville theatre will be open with attractions both classical and amusing. In the afternoon there will be a children's theatre, made up of fancy dancing and other delightful juvenile attractions.

There will be a Japanese tea house and flower booth, where the women may gossip over a cup of fine tea and the men may decorate their coats with button hole bouquets.

A fine home-made candy booth will occupy its popular place. There will be, too, a dairy booth, where all may be served with a delicious glass of buttermilk, or sweet milk, or cream at all hours.

The small sons and daughters of Lima will be interested in the exhibit of pony carts, decorated.

Automobiles will add interest to the occasion. Two big touring cars will be on hand afternoon and evening, for the use of all visitors.

The Federation of clubs hope that the public will bear this in mind and plan to make it a real holiday occasion.

## EAGLES

Will Run an Excursion to Cedar Point in August.

Decline to Consider a Proposition for an Excursion During the Week of July Races.

Mr. Don Miller, excursion agent for the Cedar Point pleasure resort company, was in the city today and, together with traveling passenger agent W. F. Carter, of the L. E. & W., endeavored to interest the local members of the Fraternal Order of Eagles in a Cedar Point excursion.

An Eagles' reunion and outing will be held at Cedar Point two days during July, but as the Lima Driving Association race meet occurs here during the same week the local members of the order declined to consider any proposition contemplating the taking of any of the citizens away from the city during that week. The local aeris has under consideration however, a proposition to run an excursion to Cedar Point on either the 18th or 25th of August.
